State of the Lodge

“Hebrews 12:1: SETTING THE PACE; RUNNING THE RACE”

Good to Great: Why Some Companies Make the Leap... and Others Don't is a prolific book by Jim Collins that describes how elite companies transition from being good to great, and how some companies fail to make the conversion. Contextually, "Greatness" always begins as a productive and determined state of mind, encouraging our lodge, individually and collectively, to reach for the stars, especially in an atmosphere where good is acceptable to most. To this end, as a lodge, we must consider the question, "Does JRE Lee, Sr. Lodge #422 desire to continue blazing a path of absolute greatness or to begin walking contently down a road of commonality and comfort?"

When analyzing our history, *as a lodge united*, we have always been in the forefront of the greater Tallahassee community, contributing time and scholarships to potential college students; participating intently in the local, political arena; donating food and supplies during Easter and Thanksgiving; bestowing awards of honor upon deserving philanthropists, trailblazers, politicians, academicians, and community activists; and attending church services to praise God and give thanks for his many blessings. Accomplished much, we have; however, there is still much work to do.

As we build upon the triumphant legacy of PM Theodus Baker, this year, there are three general areas upon which I believe we can work together to continue making a tangible difference within our community and personal lives: (1) masonic and spiritual education, (2) community engagement, and (3) member reclamation. As you are aware, more especially in a college town, education is the hallmark of mental transformation and personal growth; community involvement is necessary for our society, especially the youth, to reach maximum potential; and reclamation affords more members to work together to ensure that we, in no way, digress towards a state of mediocrity. Moreover, pursuing each of these goals together—*as a lodge united*—will ensure that our mark upon our youth, the public, and within our personal lives is tangible, undeniable, and irreversible.

One added goal that I hoped we could achieve within the next two years is to open the Grand Lodge during Annual Communication. On tonight, I am elated to announce that J.R.E. Lee has been recently given permission in 2018 to do just that. Ask yourselves: If other lodges can do it, why can't we? Further, I know that we will do a phenomenal job, executing in such a way that J.R.E. Lee will always be remembered for opening proficiently and convincingly in Jacksonville, Florida. We must always believe in our hearts and minds that no one performs more skillfully than the LEE! Absolutely no one!

State of the Lodge (2018)

“Proverbs 27: 17: Working Together to Make Good Men Better”

Proverbs 27: 17

"Iron sharpens iron; so a man sharpens the countenance of his friend."

A lodge should always set annual goals, including checks and balances to ensure achievement of stated objectives. To maximize attainment, as a lodge, we must constantly focus and never lose sight of the goal. Though disagreement and setbacks are natural occurrences in life, we must be reminded of the importance of prayer and teamwork. If we pray and work together—as a team—we can achieve anything. Our outlook should be that we are one lodge with one goal: working together to make good men better.

I am humbled to have been elected as Worshipful Master of "The Legendary Lee" for a second term. Thank you for your confidence in and support of me in this humbling endeavor. To this end, I never take for granted your confidence, time and talents. It is truly an honor and privilege to serve with each of you as we attempt, in some small portion, to give back to a community which has given so much to us.

Last year, we achieved tremendous feats together—as a team. Some of our accomplishments included:

- A. Initiated five new brothers: Dewey Riou, Michael Walker, Omar Woodard, Nigel Edwards, and Andrew Lewis, Jr.;
- B. Reinstated Several Brothers;
- C. Maintained over 85% of our membership on the annual returns (52 members);
- D. Honored all Past Masters at the 71st anniversary banquet;
- E. Hosted an Easter Egg Hunt with True Destiny Chapter #84;
- F. Attended church services twice with True Destiny #84;
- G. Awarded three academic scholarships (\$500) to deserving students;
- H. Attended the movies together (Hidden Figures);
- I. Socialized several times after bimonthly meetings;
- J. Fed 29 families with True Destiny and Piggly Wiggly for Thanksgiving;
- K. Featured in the December 2016 issue of the Capital Outlook;
- L. Co-hosted a Christmas Social with True Destiny #84;
- M. Fellowshiped with several lodges during the year at degree work;
- N. Provided for our widows flowers, cards, and a gift card;
- O. Applied for Lodge of the Year;
- P. Won Worshipful Master of the Year;
- Q. Provided lectures to the membership at 95% of lodge meetings, and;
- R. Delivered timely payment of Grand Lodge assessments;

Though we accomplished much on last year, we will not rest on our laurels. Included within this document are ambitious goals, some of which will exponentially benefit our community and us. Moreover, by helping the community and learning esoteric and ritualistic knowledge.

Final Thoughts on Innovation

- “You can't allow tradition to get in the way of innovation. There's a need to respect the past, but it's a mistake to revere your past.” -**Bob Iger**
- “The only way you survive is you continuously transform into something else. It's this idea of continuous transformation that makes you an innovation company.” - **Ginni Rometty**
